System Hub

GUEST LIST

One guest list for the whole venue.

Profiles, tags, and contact details that bookings and campaigns already use. No second spreadsheet.

For Owners and marketers who retype the same guests into every tool.

THE PAPER VERSION

Walk-ins, regulars, and event guests live in different books, so follow-up never starts.

IN THIS MODULE

- Guest profiles and contact details
- Search and filter
- Tags for VIPs, events, and segments
- CSV import
- The same records Booking and Marketing use
- Scoped to your organisation

Message only guests who have opted in. That control sits with Marketing.
